

Derek Laronde

As Owner of Aboriginal Building Construction Services (ABCS) and member of the Nipissing First Nation, I bring an extensive construction back ground combined with practical knowledge and experience to the future developments of first Nation Communities. I have worked in many facets and areas of the construction industry in both the residential commercial and industrial sectors on and off First Nations. In my experience I have worked with various communities in the capacity as Infrastructure Specialist from the Georgian Bay, central Ontario to Hudson Bay regions. (Chippewas of Saugeen, Chippewas of Nawash, Moose Deer Point, Beausoleil, Wasauksing, Shawanaga, Temagami and Weenusk First Nations)

As a graduate from the Civil Engineering Construction Technician program from Canadore College in North Bay, I worked as a carpenter on and around the Temagami First Nation, and as a Construction Superintendent in the development of Casino Rama Entertainment Centre, Site Work Development, Supervised the initial town house development and Ware house expansion in Mnjikaning. I am a recognized Native Inspection Services Initiative Inspector (NISI) with Canadian Mortgage and Housing (CMHC). My past experience with First Nation communities has provided the foundation on which Aboriginal Building Construction Services was built and will strive to first and foremost represent First Nation Development.
